REVENUE TAX NOW IN EFFECT

On and after May 1st, purchasers of all sorts of patent medicines will have to pay the druggist or dealer a tax of one cent for each 25 cents or fraction of the retail price of the article. The revenue act of 1918, according to Collector of Internal Revenue James J. Brady of Detroit, requires the dealer to collect the tax from the purchaser at the time of the sale. To facilitate the collection of this tax adhesive stamps have been prepared and may be procured by dealers from the revenue office. On selling any preparation subject to tax the dealer will attach a revenue stamp of appropriate value before handing the goods to the customer. Perfumes, toilet waters, cosmetics, tooth washes, hair dressings, aromatic cachous, toilet powders, etc., are also subject to a similar tax beginning May 1. Toilet soaps and soap powders are not subject to the stamp tax, but the manufacturers will pay a tax to the government of 3 per cent of the price for which they sell the goods.

JUNIOR WEEK.

Juniors here, Juniors there, Juniors everywhere. On account of the War conditions the Juniors did not choose a "Motto" this year.

Their colors are "Green and White," altho they very much dislike admitting the former.

The Gymnasium is already blooming in these colors.

The Juniors are very busy this week, preparing for the Annual J-Hop, which takes place May 2, 1919, in the school gymnasium. The music will be furnished by "Cooley's No. 1 Saxophone Orchestra" of Bay City. The prizes will be served by High School girls.

SHOULD KNOW YOUR CHILD

(By J. H. Francis of the United States Bureau of Education.)

No two children are alike, not even twin sisters. Any effort to make them so is wicked and wasteful. Courses of study administered to all children in the same way are destructive of originality and initiative. Uniformity of treatment is deadly and deadening. Every normal child has possibilities in some things. To help him to

MAKING A LIVING.

It is mighty serious business these days—making a living. And the rather comforting part is, or misery like some company that is just about everyone is at the business. We grumble a good deal perhaps at our lot but we have to keep right on making a living and no let-up seems to be in sight. Some work their hands and some their heads at the same hard business coming home at night too tired to be decent and with nothing ahead but a bit of sleep and a whistle in the morning. Let's shake hands all around for we are all related by work and ought to live for each other. But somehow people do not shake and there is a feeling of distrust and a feeling of hatred sometimes and there is where another element enters in making a life.

Making a living and making a life are pretty much mixed with each other and one is hardly possible without the other. Anything that helps me to make better living I am eager usually to get at but often the thing that directly helps me to make a life is neglected. The everyday life does enter into the making of a life, but the thing that separates me from that task for a time and leads me into the realm of the inspirational may help more.

The Christian church with all its faults stands as the great aid to the making of a life. How many lives have been encouraged, how many uplifted, how many cheered, how many saved by the church? No one can compute the number. Many people pass the Michelson Memorial church each day. There it is dedicated to worship and helpfulness. It is for all and the benefits of getting into its life are certain. The man who comes to church on Sunday is better off than the man who does not. The man who goes to church has more respect for himself. Empty pews are a reflection on a community or a service—something. Blame the preacher. The congregations in this community church are the finest listeners to be found anywhere nor does their merit end with listening.—work is being done. The church stands for helping in the making of life. Come next Sunday and add one.

Next Sunday morning the pastor preaches. Sermon thirty minutes and the whole service one hour. Sunday School begins at eleven for ty-five with a place for old and young.

The cradle roll has become a large feature of the school.

The evening service next Sunday will be the monthly illustrated sermon and the boys choir. Every boy and girl of Grayling is invited. Seven o'clock is the hour.

Join the church going crowd. Michelson Memorial Church. C. E. Doty, Pastor.

NOTICE TO ALL MASONS AND MEMBERS OF EASTERN STAR CHAPTER.

There will be a meeting of the Grayling Opera House company Friday evening May 8th at 8:00 o'clock. There will be election of officers for the ensuing year and business of importance to come before the meeting and all members are urged to attend. Please come. Luther Herrick, Pres. 5-1-2.

GOOD THROUGH AND THROUGH.

Lincoln proved equal to a great emergency because he was really good through and through. That is a quality we try to put into our baking. Our bread will satisfy you because the loaves are large, light, flaky, well baked and just as palatable and nourishing as they look. If you have been eating ordinary bread, try ours and see the difference. We'll stand or fall by the comparison.

THE MODEL BAKERY

Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; any one can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

Much regret is being felt at the departure of Sister Mary Ligouri from Mercy hospital this city. Sister Ligouri, who has been in charge of the hospital, and has been so conscientious and faithful in her work left yesterday to take a very much needed rest, and no doubt will be gone for some time. Since being ill with influenza last winter, she has been in a very weakened condition and although she has been up and around and attending to her duties. The physicians and others at the hospital became very much alarmed concerning her health and decided that she should go away for this complete rest. It is to be hoped that she will return soon with her health restored.

The trout-fishing season opened this morning, May 1, and the many club houses on the famous rivers of the county are filled with fishermen. The trains of Wednesday brot in scores of people, all bound for some river, either the world-famous North Branch at Lovells or other places along that stream; or the resorts along the main stream of the AuSable. The E. Douglas of the North Branch Outing club at Lovells reported about fifty guests for the first day and the Underhill club had many guests. The Stephan, Wakeley and Goodard resorts, the Recreation club and practically every other club along the streams were filled with fishermen on the opening day. All of us perhaps would hold our hands in horror if accused of being a slanderer, yet how much of the so-called innocent gossip indulged in in most communities is nothing less than downright slander? How often do we see a bright young life crushed and sometimes blighted by the poisonous tale that probably started from some thoughtless remark or even a significant look that has grown and strengthened until, like a mighty serpent, it coils itself around its innocent victim, choking all the joy and brightness out of life.

Sergeant Robert T. Roblin arrived home last Monday from Camp Custer, accompanied by his mother and father, Mr. and Mrs. Robert M. Robert spent several months in France in the intelligence department of the Headquarters company, 337th Infantry. A week previous to coming home he received his honorable discharge from service, but with his parents has been visiting relatives in Jackson and Bay City. He is looking fine and seems to enjoy being back home again.

After the installation work was finished a banquet was served by the gentlemen, which was fine. At this time, Mr. Otterbein made some very interesting remarks, and other members of the order gave short talks. The retiring worshipful matron Mrs. Ange Ashenfelter was presented with a beautiful set of Sterling silver spoons and the worship patron C. C. Fink with a thermos bottle, in esteem of the splendid services rendered by them while in office.

BISHOP HENDERSON HEADS WAR RELIEF

DETROIT PRELATE TO LEAD IN EUROPEAN RECONSTRUCTION WORK.

OUTLINES AGGRESSIVE PROGRAM

Methodist Centenary European Plans Are Increased Five-Fold After Commission Studies Dire Need of Battle Wrecked People.

Bishop Theodore S. Henderson, head of the Detroit area of the Methodist church, is in charge of the great reconstruction program of the Methodist Centenary in Europe. As executive chairman of this department of the Centenary Commission he spent three months in Europe investigating conditions in the devastated districts.

Upon his return to America, the Bishop declared that Methodism has a titanic duty to perform towards Pro-

BISHOP THEODORE S. HENDERSON

testantism of Europe. It has another gigantic duty towards humanity in helping to relieve the widows and orphans who have been victims of the war and the ravages of the Hun.

"Methodism must answer this call," he said. "The future of European Protestantism rests with the answer we make to its call for aid. In nearly every country of Europe the Methodist church has the chief responsibility for it is the leader in the work at this time and has the organization. We must not fail the pioneers who are blazing the trail for the Protestant Church and we cannot turn a deaf ear to the pitiful cries for help from those little orphans and grief stricken widows."

Original plans of the Centenary provided for an expenditure of \$5,000,000 in Europe, but a survey made by a commission, of which the Bishop was a member, revealed such a stupendous task that the budget was increased five-fold and \$25,000,000 will be needed to carry out the five year program.

Even at the present time relief work of the Methodists is being carried on for they are operating orphanages in France and Italy and supplying food and medicine to war sufferers. Clinics, dispensaries, hospitals, orphanages, schools and churches will be established in many parts of Europe. This work, while inaugurated as a war emergency, is of a permanent nature and will be carried on after the immediate relief is accomplished.

BUSINESS MEN JOIN IN METHODIST DRIVE

Many Give Up Commercial Activities To Assist Centenary Campaign.

One hundred thousand minute men of the Methodist church have awakened America to the knowledge that the Methodist Centenary is the greatest church movement the world has ever known. They have talked before millions of people during the past four months telling of the magnitude of the program the church has outlined in its movement for a religion of service.

Thousands of the country's most famous business men have temporarily abandoned their commercial activities to take up this work of reconstruction facing the church. They are traveling the country day and night telling of the plans which have been formulated for the expenditure of the \$25,000,000 Centenary fund to be raised the week of May 15.

A Detroit business man has been one of the leaders of this army. A. L. Parker has set aside his business interests to become a dollar-a-year man with the church. He accepted the position as national secretary of the Minute Men movement and for the past six months he has been spending every minute traveling from coast to coast recruiting this organization.

They are for kidney backache; And other kidney ills. Here is Grayling proof of their merit:

Mrs. F. Serven, Park street, says: "I was bothered at times with a weak and lame back and often the small of my back was sore and ached dreadfully. My kidneys acted irregularly. I felt tired and languid. Doan's Kidney Pills, which I got at Lewis' Drug Store, have never failed to relieve me, ridding me of the complaint." Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Serven had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

About Rheumatism. People are learning that it is only a waste of time and money to take medicine internally for chronic and muscular rheumatism, and about ninety-nine out of a hundred cases are one or the other of these varieties. All that is really necessary to afford relief is to apply Chamberlain's Liniment freely. Try it. It costs but 35 cents per bottle. Large size 60 cents.

Suggestion for a Camping Trip.

Buy a bottle of Chamberlain's Colic and Diarrhoea Remedy before leaving home. As a rule it cannot be obtained when on a hunting, fishing or prospecting trip. Neither can it be obtained while on board the cars or steamships and at such times and places it is most likely to be needed. The safe way is to have it with you.

For a Weak Stomach.

A general rule all you need to do is to adopt a diet suited to your age and occupation and to keep your bowels regular. When you feel that you have eaten too much and when constipated, take one of Chamberlain's Tablets.

MY HEAD!

When the head feels sick or dizzy, when one feels all out-of-sorts—perhaps a little tongue—it is the signal that poisons are accumulating in the system, and should be cleaned out at once.

Auto-intoxication can be best ascribed to our own neglect or carelessness. When the organs fail in the discharge of their duties, the putrefactive germs set in and generate toxins—actual poisons, which fill one's own body.

Sleepiness after meals, flushing of the face, extreme lassitude, biliousness, dizziness, sick headache, acidity of the stomach, heartburn, offensive breath, anemia, loss of weight and muscular power, decrease of vitality or lowering of resistance to infectious diseases, disturbance of the eye, dyspepsia, indigestion, gastritis, many forms of catarrh, asthma, ear affections and allied ailments result from auto-intoxication or self-poisoning.

Take castor oil, or procure at the drug store, a pleasant vegetable laxative, called Dr. Pierce's Pleasant Pellets, composed of May-apple, aloes and ialap.

Ancient Precautions.

"We'll have this friendly agreement of ours carved upon a monument of stone," said one ancient king.

"So that all the public can read it?" added the other.

"Not only that. It will make it impossible to treat it as a scrap of paper."

Catarrh Cannot Be Cured by LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE will cure catarrh. It is taken internally and acts through the blood on the mucous surfaces of the system. HALL'S CATARRH MEDICINE is composed of the ingredients best known, combined with some of the best blood purifiers. The perfect combination of the ingredients in HALL'S CATARRH MEDICINE is what produces such wonderful results in catarrhal conditions.

Work Too Hard?

This time of the year finds everyone hurrying to get the home cleaned up for summer. It's a measure, too, when you're well, but no man or woman with a "bad back" enjoys doing anything. If your back is lame, if sharp twinges catch you when resting and you feel tired and worn out, kidney weakness is likely causing your trouble. Don't wait! Delay may cause gravel, dropsy or Bright's disease. Doan's Kidney Pills have helped people the world over.

A Michigan Case

Alex. Pepper, blacksmith, Welch, St. Clair, Mich. says: "Some years ago I was a physician and treated many cases of rheumatism. For 4 months, I couldn't move without assistance. My limbs and back felt as though they were crushed. I had little control of my kidney secretions, and the passages were painful. My head ached a great deal and I was dizzy. A friend told me to give Doan's Kidney Pills a trial and I did. The first box relieved me and eight boxes cured me."

"BIG FOUR" ADOPT WILSON COVENANT

LEAGUE OF NATIONS DOCUMENT APPROVED WITHOUT VOTE OF DISSENT.

BRITON NAMED AS SECRETARY

French and Japanese Amendments Not Incorporated, Clearing Way For Unanimous Acceptance.

Paris.—The covenant of the League of Nations in revised form, moved by President Wilson, was adopted April 27 by the peace conference in plenary session without a dissenting vote.

President Wilson, addressing the conference, explained the amendments to the League of Nations covenant. He did not read the entire revised text.

In speaking of the amendment recognizing the Monroe Doctrine, the President merely referred to it as a new article.

The President's motion also named Sir James Eric Drummond secretary general of the league and provided for a committee to inaugurate the league.

Thus one of the notable works of the conference passes its final stage and is incorporated in the peace treaty.

The French and Japanese amendments after a brief discussion were not pressed, and the way thus was cleared for unanimous acceptance of the league.

Italy was not represented at the session, but the name of Italy appears as one of the members of the league in the covenant as finally adopted.

Nine labor principles were adopted for insertion in the treaty.

The session adjourned Monday without considering the report on responsibilities providing for the trial of the former German emperor by five judges from the great powers. This report was handed in by the Council of Four and embodies in the Council treaty a provision for the former emperor's prosecution.

This, however, had not as yet been adopted by the plenary conference.

DETROIT PLANS WORLD'S FAIR

Immense Project Proposed For 1923—Schwab May Be Organizer.

Detroit.—Detroit the Dynamic will herald its entrance into the front rank of metropolitan cities with a World Peace Exposition in 1922 or 1923, demonstrating to the world its marvelous industrial growth, which in a decade has made its name a by-word among nations.

Big names are already associated with the undertaking. Charles M. Schwab, the magnetic steel magnate, has consented to be the organizer of the exposition.

A municipal bond issue of \$10,000,000 is contemplated.

The next step will be to enlist Government aid. Michigan's representatives in Congress will be asked to obtain \$10,000,000 from the Federal Government. Stock would be sold to finance the corporation in addition to municipal aid.

The selection of the site is still a matter of discussion. The Mayor has suggested the stretch from Waterworks Park to Grosse Pointe.

HAMBURG REVOLT SUPPRESSED

Military Governor, With 30,000 Troops Put End to Rioting.

Stockholm.—The revolt in Hamburg has apparently been suppressed, due to measures of the military governor, who gathered a force of 30,000 men, principally volunteers, with which he surrounded the revolutionary quarters of the town, disarmed the inhabitants and seized all arms and ammunition found in the houses. Strong detachments patrolled the richer quarters while torpedo boats policed the harbor and quays.

Rioting and plundering of food stores was thus ended. Two hundred rioters were arrested.

NO U. S. DOCTRINE FOR MEXICO

Carranza Disavows Adherence to Monroe Tenets.

Mexico City.—The non-recognition of the Monroe Doctrine by the Mexican government and the recall from Paris of Alberto J. Paul, minister to France, to await orders in Spain, formed the substance of two statements printed by Mexico City papers as having been given out by Salvador Diego Fernandez, chief of staff in charge of the department of foreign relations.

Democrats to Meet May 28.

Washington.—A call for a meeting of the Democratic national committee in Chicago, May 28 and 29, is being prepared at the headquarters here. The sessions will practically mark the opening of the 1920 presidential campaign. The woman's auxiliary national committee, the chairman of state committees, with their secretaries and financial officers and the publicity managers of the state campaign bureau will be invited to participate in the conference.

To Develop Air Service.

Washington.—Capt. Charles J. Glidden, an officer in the U. S. Air Service, Military Aeronautics, stated in Washington, this week: "All men who wish to take part in the development of the nation's air service as an aviator or work at some thirty other trades required in the air service, by sending their name and address immediately to the Department of Air Service Officer, 104 Broad St., New York, will receive an important communication on the subject."

U. S. to Enforce Dry Law.

New York.—The government proposes a literal enforcement of the war-time prohibition act, including a ban on production and sales of all beers and wines, whether or not they are intoxicating, the department of justice announced through a special representative in the federal court here. No steps will be taken to prevent brewing, pending a court determination of the law's constitutionality, raised by brewers of the New York district.

New U. S. Insurance Ready Soon.

Washington.—New life insurance policies into which term insurance carried by soldiers and sailors may be converted will be ready for issuance about June 1. In this connection it is announced that the bureau will not consider insurance policies carried by soldiers during the war as lapsed even though after discharge a man may have ceased payment or even notified the bureau that he wished to cancel the insurance till ample time has been given for reinstatement.

Thousands Have Kidney Trouble and Never Suspect It

Applicants for Insurance Often Rejected.

Judging from reports from druggists who are constantly in direct touch with the public, there is one preparation that has been very successful in overcoming these conditions. The mild and healing influence of Dr. Kilmer's Swamp-Root is soon realized. It stands the highest for its remarkable record of success.

An examining physician for one of the prominent life insurance companies, in an interview of the subject, made the astonishing statement that one reason why so many applicants for insurance are rejected is because kidney trouble is so common to the American people, and the large majority of those whose applications are declined do not even suspect that they have the disease. It is on sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention this paper.—Adv.

Artificial Warmth.

"What's the idea of the gas stove and the fur overcoat?"

"Isn't it April?" asked Mr. Penwidge.

"It is."

"April, with the balmy breezes and the skies of blue?"

"That's according to popular fancy."

"There you are. There's no use trying to turn out delicate creations of thought about April unless by some means you can provide a temperature approximately seasonable."

"What are you grumbling about?" said the city man to the discouraged farmer. You ought to be the happiest man in the world. You own a farm and can spend your life out in the open.

Physicians Recommend Castoria

YOU know the real human doctors right around in your neighborhood: the doctors made of flesh and blood just like you: the doctors with souls and hearts: those men who are responding to your call in the dead of night as readily as in the broad daylight; they are ready to tell you the good that Fletcher's Castoria has done, is doing and will do, from their experience and their love for children.

Fletcher's Castoria is nothing new. We are not asking you to try an experiment. We just want to impress upon you the importance of buying Fletcher's.

Your physician will tell you this, as he knows there are a number of imitations on the market, and he is particularly interested in the welfare of your baby.

Do the People Know?

Do you know why you are asked to call for Fletcher's Castoria when you want a child's remedy? why you must insist on Fletcher's? For years we have been explaining how the popularity of Fletcher's Castoria has brought out innumerable imitations, substitutes and counterfeits.

To protect the babies: to shield the homes and in defense of generations to come we appeal to the better judgment of parents to insist on having Fletcher's Castoria when in need of a child's medicine. And remember above all things that a child's medicine is made for children—a medicine prepared for grown-ups is not interchangeable. A baby's food for a baby. And a baby's medicine is just as essential for the baby.

The Castoria Recipe (it's on every wrapper) has been prepared by the same hands in the same manner for so many years that the signature of Chas. H. Fletcher and perfection in the product are synonymous.
